

I would like to comment on the value of K-LOVE radio to myself and my community here is Pocatello, Idaho and Idaho Falls, Idaho.

I am a commuter traveling 55 miles each day from Pocatello to Idaho Falls.

Our airwaves are currently flooded with a huge variety of local radio station signals.

My hometown community area has about 15 different stations broadcasting commercial music, talk, and advertising of all major styles.

K-LOVE's format is, in my opinion the most valuable format on the air today.

K-LOVE's basic Christian message and mix of applied styles has an appeal accross a very wide demographic.

The breadth of K-LOVE's audience coupled with it's consistant message of morality and good-will towards all it's listeners is an inspiration to all who tune in.

Please keep working in the true interest of the public and see to it that K-LOVE can remain on the air using it's current translator format and assignment.

The current model is not broken, please don't fix it for the benefit of those who might profit from the demise of an organization souly supported by volunteers.

Thank you - a concerned financial supporter of K-LOVE radio.
